

MAGIS M 3-PHASE HEAT PUMP

MANUFACTURED BY:

MAGIS M 3-phase heat pumps allow more advanced solutions in any domestic environment delivering both hydronic heating and cooling as well as domestic hot water. The 30kW Immergas heat pump is an air to water heat pump using inverter technology, ideal for stand-alone systems or combined with additional heat sources and equipment delivering hybrid systems.

**7 YEAR*
WARRANTY**

MAGIS M

- Summer/winter working mode (reversible)
- Twin Rotary DC inverter compressor and DC inverter modulating fan
- Control panel as per standard (wired) for the control and programming
- Reduced noise emissions
- Complete package: low consumption pump, water/gas heat exchanger, 8 litres integrated expansion vessel, water flow switch, 3 bar safety valve
- Many plant configurations without the need of an external control unit, including simple cascade of up to 6 appliances
- FREE upgrade to 7 Year warranty if you purchase a Premier Pack

HEAT PUMP THERMOSTAT & CONTROLLER

Technical data		30 KW
Power Supply	V-ph-Hz	415-3-50
Heating Output	kW	30.10
COP (A7/W35)		3.91
Cooling Output	kW	31.00
EER (A35/W18)		4.00
Working Range - Heating	°C	-25/+35°C
Working Range - Cooling	°C	-5/+46°C
Maximum Water Temperature	°C	60°C
Refrigerant Gas		R32
Hydraulic Circuit - Maximum Pressure	kPa	300
Rated Operating Current	A	22.8
Expansion Vessel Volume	L	8
Sound Power Level	dB(A)	77
Operating Weight	kg	206
